# Instructions

1. Using blending brushes, I placed a circle of Daffodil Delight in the center of the white panel.
2. With a different blending brush, ink a circle of Melon Mambo around the yellow center.
3. With a third brush, use Azure Afternoon to ink the remaining white areas to fill the basic white panel with ink.
4. On the 2-1/2" square, stamp the largest firework in Azure Afternoon ink.
5. In Daffodil Delight, stamp the medium firework over the larger using the center to align the fireworks.
6. In Melon Mambo ink, stamp the smallest firework over the others, again using the center to align the stamp.
7. With Versamark Ink, stamp the sentiment on the Starry Sky sentiment piece.
8. Sprinkle the Gold Metallics Embossing Powder over the Versamark and tap off the excess.
9. Warm a heat tool. Hold the sentiment with reverse tweezers and warm the powder to a melting point. Set aside for now.
10. Using the Stampin' Cut & Emboss machine, die cut the stamped firework.
11. Arrange the large firework die on the Starry Sky front panel so that all of the firework is contained on the Starry Sky panel (no edges are hanging off the edge) and add the small trail at the bottom of the large firework.
12. Use post-it tape or a sticky note to hold the dies in place before sending them through the Stampin' Cut & Emboss machine.
13. Place the die cut panel over the inked panel and glue in place. These panels are the same size.
14. Use liquid glue on the back of the Starry Sky panel and adhere the panel to the basic white inked panel. Do not allow glue to leak through to the front of the panel.
15. Add Wink of Stella randomly to inked parts of the firework.
16. Fussy cut the sentiment using paper snips. If you prefer not to fussy cut, you can leave as a rectangle.
17. Adhere the embossed sentiment to the Starry Sky panel with Black Stampin' Dimensionals.
18. Add seven gold Festive Pearls to the front card panel.
19. Use a bone folder to burnish the folds in the card base.
20. Apply liquid glue to the bottom half of the card base and adhere the front panel to it.
21. Stamp the Let's Celebrate sentiment on the inside panel in Azure Afternoon.
22. Stamp the small circle over the sentiment five times using Daffodil Delight ink.
23. Adhere the inside panel to the card base with Stampin' Seal.

24. Slide the card panel to an open position to figure out where to put the stamped and die cut easel stopper.
25. Apply Stampin' Dimensionals to the die cut stamped firework and adhere to the card base.
26. Stamp the envelope flap with the large firework stamp and Azure Afternoon ink.
27. Stamp the Yay sentiment in Daffodil Delight randomly on the envelope flap.
28. On the front of the envelope, stamp the circle with rays in Azure Afternoon.
29. Stamp the circle stamp in the center of the Azure Afternoon with Daffodil Delight.
30. Use the medium circle and Melon Mambo ink to stamp over the center.

# Supplies
