Instructions

1. Make your own DSP by stamping the large flower bush in Granny Apple Green ink stamped off once starting in the center of the Basic White panel.
2. Repeatedly stamp the large bush by turning the card stock and stamping on the card stock several more times. I stamped this image 5 times.
3. With Poppy Parade ink stamped off once, add the flowers to each large bush.
4. Stamp the long stems in Shaded Spruce, stamped off once, in the open areas of the Basic White panel turning the card stock and the stamp for variety.
5. Add the Crushed Curry flowers, stamped off once, to the long stems.
6. With the Basic Border Dies and the Stampin' Cut & Emboss machine, die cut the front Basic White panel about 1-1/2" from the bottom to make a border. Save the small die cut piece for later.
7. Emboss the Basic White stamped DSP panel with the Softly Sophisticated embossing folder.
8. Determine where you want the sentiment placed on the Melon Mambo panel and stamp the sentiment in VersaMark ink.
9. Sprinkle white embossing powder over the stamped image and tap off the excess.
10. Heat with the Heat Tool until shiny and melted.
11. Adhere the stamped and embossed panel to the sentiment mat with liquid glue.
12. Make a linen thread bow and adhere it to the front of the card with a small dot of liquid glue.
13. Place three Melon Mambo Iridescent Adhesive-Backed discs on the front panel.
14. Adhere the front panel to the Blueberry Bushel card base with Stampin' Dimensionals.
15. Adhere a 1/2" x 4" piece of the cut off stamped DSP with liquid glue to the inside panel.
16. Adhere the panel to the inside card base with Stampin' Seal.
17. Create your own DSP on the envelope flap using the same colors and technique as earlier.
18. Use the Softly Sophisticated Embossing folder to emboss the flap only of the envelope.
19. On the front of the envelope, stamp the larger stem in Granny Apple Green, stamped off once, and stamp a partial image.
20. Stamp the coordinating flower image in Crushed Curry, stamped off once.
