Instructions

1. Cut, fold and burnish the Basic Beige card base.
2. Dry emboss the Crumb Cake Cardstock and adhere to the card front.
3. Cut the banner tails on both ends of the Azure Afternoon 1-1/2" x 5" strip. Adhere to the Crumb Cake panel with adhesive.
4. Die cut:
 - a. large and small star fish from Calypso Coral Cardstock
 - b. large and small coral from Basic White Cardstock
 - c. Sand dollar using the Hybrid Seaside Wishes Embossing Folder
 - d. 2-7/8" Deckled Circle (6th from center) in Basic Beige
5. Add Crumb Cake ink to the sand dollar using a blending brush.
6. Use the Deckled Circle as a base and build the focal point. I cut the larger coral piece in half before tucking and adhering it behind the star fish and the sand dollar.
7. Adhere the focal point to the front of the card, over the banner strip, with your favorite adhesive.
8. I've heard the Makers mention "gutting" a piece of paper. Basically we're going to cut the center out of the 4" x 5-1/4" Calypso Coral pattern using the trimmer.
9. Place the short end of the Calypso Coral panel against the top of the trimmer, line up the right edge of the panel at the 1/4" on the right side of the trimmer.
10. Set the blade in 1/4" from the edge and cut to the 5" mark.
11. Turn the panel to the left, line the long edge at the top and the right edge 1/4" on the right side of the trimmer and cut from 1/4" in to 3-3/4".
12. Turn the panel again, line up the right edge at 1/4" on the right side of the trimmer. Set the blade in 1/4" from the edge and cut from 1/4" to 5".
13. Turn the panel one final time, line up the edge at 1/4" on the right side of the trimmer and insert the blade 1/4" from the edge and cut to the 3-3/4" mark.
14. It should look like this:

where the outside edges are all 1/4" wide and the center (gray area) is cut out.

15. Adhere the Calypso Coral frame to the Basic Beige with adhesive.
16. Stamp the sentiment with Crumb Cake ink and the sea glass with Azure Afternoon ink
17. Tag me at #stampwithnel when you finish your card. 😊
