

Stamp with Nel

Stampin' Up!® Impossible Fun Fold Card

Cutting Instructions

Basic White Cardstock

3-1/4" x 1-7/8" front panel
5" x 1/2" for sentiment (or cut to fit)

Copper Clay Cardstock

5-1/2" x 4-1/4" scored and cut as directed in the instructions.
5-1/2" x 1" sentiment banner

2023 – 2025 In Color 6" x 6"

Designer Series Paper

2-1/2" x 4" (2 pcs)
5-1/4" x 3/4" sentiment banner
Scraps of DSP for 3 Radiating Stitches hearts (2 Copper Clay, 1 Pebbled Path)

Any color scrap – 1-3/4" x 2-1/8" for template if desired.

Link to blog post: <https://wp.me/pfbmkK-1kK>

Instructions

1. Starting with the 5-1/2" x 4-1/4" card base, score along the 4-1/4" side down the center at 2-1/4".
2. With the 5-1/2" side up, cut at 2-3/4" to the score line. Do not cut past the score line.
3. On the other side of the score line, cut at 1" and 4-1/2" to the score line. Do not cut past the score line. SEE DIAGRAM 1
4. Use the bone folder to burnish all folds.
5. Stack the two pieces of 2-1/2" x 4" on top of each other. Use the 1-3/4" x 2-1/8" template you cut from a scrap to cut the DSP, aligned to the top left of the DSP. Use the template to mark and cut rectangle out of the DSP.

6. **Alternately, you can use the trimmer to cut at 1-3/4" to the 2-1/8" mark on the trimmer, then turn the DSP and cut at 2-1/8" to the 1-3/4" mark.
7. Before adhering the DSP to the you need to twist one side of the base. It's easy to do and won't rip the cardstock, just twist one side so that the center panel stands on its own.

8. You can twist either side:
Note in the first image that the card is not square – you will want to square the card in step 11.
9. Adhere the two large DSP pieces to the left and right side. If your preferred side of the DSP is not fitting, just return the card to flat and twist the other side of the card base.
10. Adhere the DSP to the 5-1/2" x 1" sentiment banner.
11. Stamp the sentiment on Basic White Cardstock sentiment panel, then adhere to the rest of the sentiment panel.
12. Adhere the sentiment strip to the card. Avoid placing adhesive in the open area of the card. Also, it is very helpful to use grid paper to make sure the card is squared up before adhering the banner panel.
13. Use the Stampin' Cut and Emboss machine to die cut two Copper Clay DSP hearts and one Pebbled Path DSP heart.
14. Adhere the Copper Clay DSP hearts to the front Basic White panel.
15. Add Stampin' Dimensionals to the Pebbled Path DSP heard and adhere between the Copper Clay hearts.
16. Adhere the decorated panel to the center pop up on the card panel.
17. Add three embellishments to the card front.
18. If desired, add a Basic White Cardstock panel on the back of the popup center to write your sentiment.
19. Dry emboss the envelope flap.
20. Stamp the double hearts on the front of the envelope using Pebbled Path ink.
21. Tag me at #stampwithnel when you make this card. I would love to see your creation.
