## Instructions

1. Score, fold and burnish card base.
2. To make the fun fold, use the diagram below to SCORE the card front.

3. Fold the dotted lines in a mountain fold and the solid lines in a valley fold to create the arrow.
4. For the DSP and the Basic White Cardstock, the center of the paper is 2-5/8". Cut from each upper edge to the center of the panel to create 3 triangles. **When cutting DSP at the point, start in the center of the DSP to avoid crushing the point.**

5. Adhere the DSP large triangle to the front of the card with adhesive leaving a margin around the DSP.
6. Turn the smaller DSP triangles over to the back side and adhere the DSP to the card leaving a margin and using adhesive only on the straight edges – leave the diagonals free for your gift card or a note.
7. Stamp the gift bag twice, plant, bottle and cake on Basic White Cardstock with Tuxedo Black Memento Ink. You can use the Basic White side triangles for this as they are scrap.
8. Use Stampin' Blends to color the gifts. For the gift bag, color one bag completely and a second bag color the tissue paper only.

9. If you prefer to decorate the gift bag with DSP, stamp the image on the DSP and fussy cut only the bag. Adhere to the Basic White stamped bag, lining up the handles.
10. With paper snips, remove the top layer of tissue paper from the front gift bag.
11. Adhere the two gift bags together on the edges of the bag only.
12. Place the bottle into the bag. I like it removeable, but it can be adhered as well.
13. Adhere the shopping cart and wheelbase to the card front with adhesive. Glue only the outside edge of the shopping cart so you can place the gifts inside.
14. Add the gifts to the cart. Adhere if you'd like, but I prefer to have them removeable.
15. Add three clear Ribbonded Adhesive-Backed Dots to the front of the card.
16. Stamp the sentiment(s) on the large Basic White Cardstock panel (with the point up) and adhere the panel to the underside of the front of the card with adhesive.
17. Adhere the DSP to the envelope flap with adhesive and trim with paper snips.
18. Stamp a gift bag on the front of the envelope with Memento ink.
19. Insert a window sheet into the envelope (the stamp set sheet works great) before coloring the gift bag with Stampin' Blends. The window sheet prevents the color from bleeding through to the back of the envelope.
20. Tag me at #stampwithnel when you make this card. I would love to see your card.
